### MEETING TONIGHT OF WILSON CLUB

T. J. NEWSOM SENDS DOLLAR FROM JAIL TO AID CAUSE OF DEMOCRACY.

The Wilson, Marshal and Almon club will hold its regular meeting tonight at the Albany city hall for the purpose of taking steps for a quick campaign to raise further funds with which to aid the cause of the democratic national ticket. A big attendance is desired, and those who cannot attend are urged to send in their names.

The latest contribution to the fund being raised here to help re-elect President Wilson was sent to Capt. Samuel Blackwell by T. J. Newsom, now confined in the Morgan county jail. Mr. Newsom made a contribution of \$1.00 unsolicited.

### Jones Has Narrow Escape From Auto; Was Getting off Car

The danger of automobiles passing standing street cars was again demonstrated this morning when H. H. Jones had a narrow escape from injury while alighting from a trolley car at the shop gates. The car was stationary when the auto whizzed up. Mr. Jones was directly in front of the machine when it came to a stop after the emergency brakes had been applied.

### Gen. C. W. Hooper Heads Confederates

Gadsden, Ala., Oct. 12.—(Special.)—Gen. C. W. Hooper was unanimously re-elected commander in chief of the Alabama division, United Confederate Veterans, just before the first meeting of the reunion adjourned for dinner.

Gadsden, Ala., Oct. 12.—(Special.)—The United Confederate Veterans Association of Alabama was called to order at 10 o'clock yesterday morning at the Gadsden theatre by Earl Lay, general chairman, who turned it over to Col. B. F. Ellis, adjutant general. Rev. W. B. Crumpton was introduced and offered the invocation.

The formal address of welcome on behalf of the city was delivered by Hon. Hugh H. White, city attorney. The response was made by Hon. Wm. B. Bankhead, member of division staff.

General C. W. Hooper, commander of the Alabama division, assumed command and read a "Tribute to the Confederate Dead and Women of the Confederacy," responded to by the veterans.

Major D. M. Scott, active assistant adjutant general, called the roll of camps.

Committees were announced.

Afternoon Session.

During the afternoon session Hon. H. S. D. Mallory, of Selma, delivered a patriotic address to the young men. At 3:30 o'clock there was a garden party for sponsors and maids at the home of Mrs. James M. Elliott.

At 8 o'clock at night there was a free concert for the veterans at the Gadsden theatre.

At 9 o'clock there was a street dance for veterans, sponsors, maids and visitors on Forest avenue in front of the postoffice.

New York, Oct. 12.—Despite continued reports of the presence of German submarines off the American coast, officials of the White Star line announced this morning that the Adriatic, "queen of the munition fleet," would sail some time today.

It was reported on good authority today that England and France will send a fleet of 50 warships to protect vessels carrying war supplies from this country to Europe.

### LANSING COLLECTS DATA ON SUBMARINE OPERATIONS

(International News Service.)

Washington, Oct. 12.—Accepting the belief of naval experts that the German submarines U-53 and U-61 have departed for their home base, Secretary Lansing and his advisers today began compiling all possible data regarding their operations on this side of the Atlantic.

Until this is done no further action is to be taken.

While officials are confident now that the Germans abided by international law in their raid off the New England coast, officials fear that the success of this raid will lead to others, on a much larger scale, with possible complications. That a suggestion is to be conveyed to Germany that this government hopes that submarine operations shall be limited to the other side of the ocean is considered certain, but it is unlikely that this suggestion will be made in the form of a formal note at present.

Officials here frankly are puzzled over the silence of the British and French embassies. There has been no protest filed other than the "causal mention" of the presence of the submarines made by Sir Cecil Spring-Rice, the British ambassador.

### NO STEAMER KINGSTON SUNK BY SUBS REPORTS GLEAVES

(International News Service.)

Washington, Oct. 12.—The first official announcement was made today that the facts show that there was no steamer Kingston or Kingstonsunk by a German submarine off Nantucket Shoals Sunday. Rear Admiral Gleaves, commanding the flotilla of 12 destroyers which has been searching for passengers and crews reported to the navy department today that all evidence showed that there was no Kingston or Kingstonsunk.

## WAR SECRETARY TO DISCUSS TRAINING WITH COLLEGE HEAD

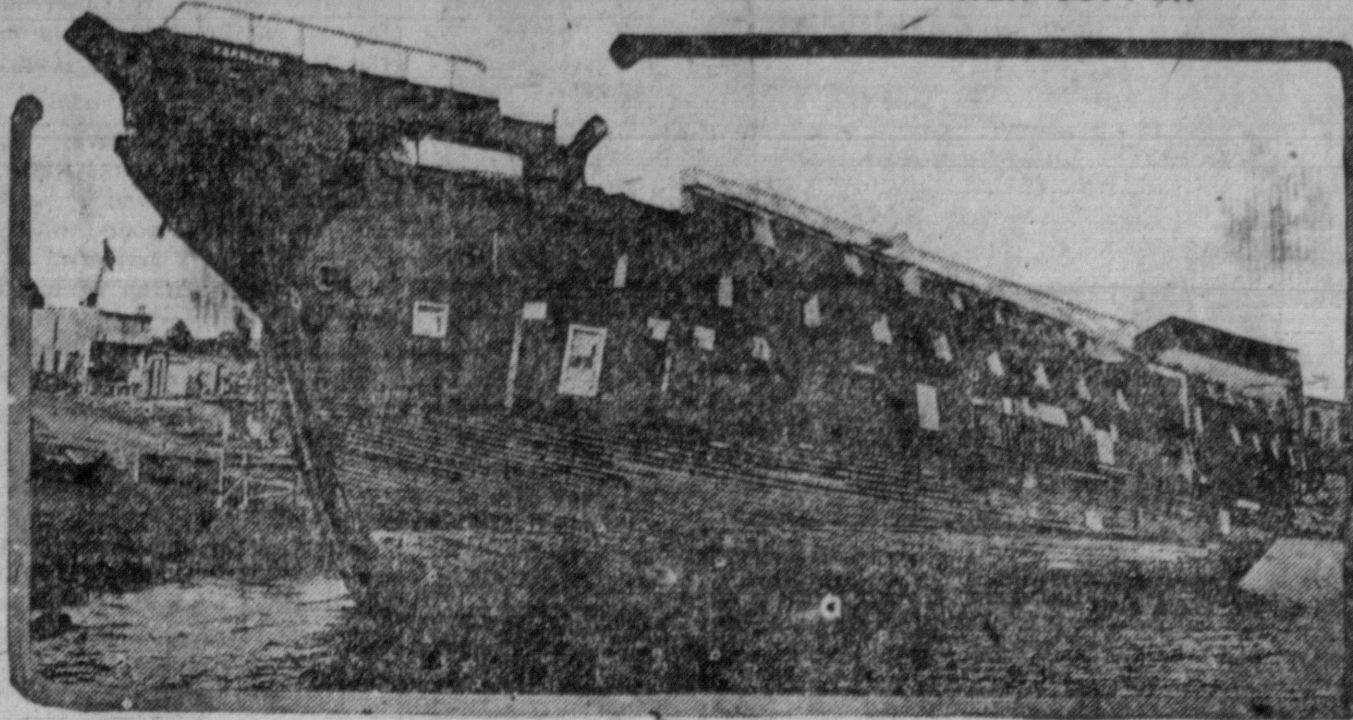

DR. GEO. H. DENNY OF ALABAMA AND BROWN AYERS OF TENN. TO BE PRESENT.

(International News Service.)

Washington, Oct. 12.—The first step toward national military training will be taken next Tuesday when Secretary Baker and presidents of all the important colleges of the United States will work out a system of military training for all institutions of learning.

The college presidents are to be the guests of the secretary of war at the Army and Navy Club. Among those who will attend will be as follows: University of Alabama, George H. Denny; University of Tennessee, Brown Ayers.

### OLD FRIGATE FRANKLIN BURNED FOR HER COPPER

The old U. S. frigate Franklin, which was burned a few days ago at Eastport, Me., by a salvage company to recover the copper in her rivets. The Franklin was built at Philadelphia in 1815 and was rebuilt in 1863, when engines and screws were installed. She was the flagship of Admiral Farragut in 1867 when he started on a cruise that lasted 17 months and took him to nearly every large seaport of Europe.

## DECATUR COUNCIL MAY CALL OUT MAY REFUSE TO STATE TROOPS TO SWEEP SEA WITH CHANGE SYSTEM CURB STRIKERS AT AID OF 300 BIG OF WATER CHARGES BAYONNE MILL FIGHTING U-BOATS

ALTHOUGH WATER COMPANY ALLEGES THAT ALMOST MILLION GALLONS WASTE DAILY.

FLAT RATES ARE FAVORED

CONFERENCE BETWEEN OFFICIALS OF CITY AND CORPORATION WILL DECIDE MATTER SOON.

The agitation in the city of Decatur for a system of water meters instead of the present flat rate will result in no change in the system, leaders in the city administration intimated this morning. The flat rate system is working to the general satisfaction of the citizens, it was said, and the council will probably not permit any change. The matter will hardly be taken up at the council meeting tonight.

The proposition to change the system and install water meters was made several weeks ago by the Decatur Water Supply company. A conference was asked between Mayor Nelson, Chairman John D. Wyker of the finance committee, and President John B. Weakley of the water company. The conference has not yet been held.

In asking for the change, Mr. Weakley declared that the cities of Albany and Decatur are using 2,000,000 gallons of water per day, when the cities should be using only 1,250,000 gallons of water per day. The lower estimate was based on calculations made in other cities of the same size. He declared that the excess of three quarters of a million gallons was wasted by leaky connections in the houses and by irrigation of lawns and gardens during the summer time. According to this estimate the Twin Cities waste more than a quarter of a billion gallons of perfectly good Tennessee river water each year.

Objections have been made, however, to any change in the flat rate system whereby citizens pay several dollars for each hydrant and it was expected today that the council would refuse to make the change.

### Careless Spitters Now Liable to Fine of \$8.75 in Decatur

If you happen to spit on the streets of the city of Decatur you may have to be haled before Mayor Nelson and fined \$8.75.

Leaders in the city administration have reminded the new police force that there is an ordinance against spitting on the streets and infractions of the law will cause arrests. The order was issued as a result of unsanitary conditions at the union depot because of spitting on the pavements and floors around the station.

ONE WOMAN KILLED AND TWENTY MEN INJURED DURING NIGHT BATTLES.

12,000 NOW OUT OF WORK

DAYLIGHT BROUGHT TEMPORARY CESSATION OF HOSTILITIES; SITUATION STILL ACUTE.

(International News Service.)

Bayonne, N. J., Oct. 12.—After a night of unprecedented terror the strike situation early today was comparatively calm.

If more clashes occur the New Jersey militia may be called out to restore order.

One woman killed and 20 men wounded in battles between the mob and police were the toll of the night of violence. Incendiary fires in various parts of the town added to the reign of terror.

Twelve thousand men are out of work here today.

### FIREMAN SHOT DURING ANOTHER STRIKE OUTBREAK.

(International News Service.)

Bayonne, N. J., Oct. 12.—A fireman was shot today during another outbreak of fighting in the strike situation here. The police learned that the strikers scoured 50 revolvers during the night and it was said that an attempt at disarmament would be made this afternoon.

## REICHSTAG WILL DISCUSS U-BOAT MATTER SECRETLY

GENERAL STORMY DEBATE IN GERMAN HOUSE IS THUS AVERTED.

(International News Service.)

Berlin, Oct. 12.—The budget committee of Reichstag, unable to reach an agreement on the submarine question, has voted 24 to 4 against the discussion of the subject in open session.

The decision is significant, since it averts the general debate which had been expected to make Chancellor Von Bethmann-Holweg a storm center. This much heralded debate had been looked for by the chancellor's opponents to bring about a change of policy in favor of reckless U-boat warfare.

NEWPORT WOMAN THUS QUOTES CAPTAIN OF THE U-53 AS SAYING.

CAMPAIN ON BY JANUARY 1

SEAS WILL BE CLEARED OF MERCHANT SHIPS BY USE OF UNDERSEA CRAFT.

(International News Service.)

Newport, Oct. 12.—Germany plans to sweep the sea with a flotilla of 300 submarines.

Such was the statement today of

Mrs. Noah Thompson, formerly Fraulein Wilhelmina Schell, quoting Capt. Hans Rose of the submarine U-53, who

called at her home while he was visiting here October 7. Mrs. Thompson said today that the substance of the conversation she had with Capt. Rose was that he told her that the letter he mailed to Count Von Bernstorff, besides informing him of his arrival, gave information of Germany's plan to gain control of the seas with submarines.

"By the first of January," Mrs. Thompson said Capt. Rose stated, "it is Germany's plan to sweep the sea clear of enemy ships by submarine warfare. This plan will be voted for by the Reichstag and carried out to the letter no matter what happens or what is said."

### Men Goo Goo Gomez, the Ladylike Man

Bald Headed Row Tries to Flirt With Masculline Who Looks Like a Dame.

Some of the wisest devotees of the baldheaded row have been caught goggling Gene Gomez, the female impersonator at the Masonic this week. Gomez, who is a "big time" star and who ranks next to Eltinge as a purveyor of female roles, has all the attributes of a dame except the blond hair, and he takes care of this deficiency with a lovely wig of peroxide hue. His voice is a pleasing contralto; his hands and feet are small; his arms are a series of graceful curves—and how the men did rave over his shoulders! He makes a hit with the men alright until they find out that they have been "stung."

Gomez is sharing honors with "Sugarfoot Gaffney," the minstrel splinter, and a supporting company that contains five jissome lassies, as well as two or three other character parts. Last night the Masonic played to a full house. The show continues all week with a change of bill nightly.

## ALLIES MAY RECOGNIZE THE GRECIAN REBELS; ITALY IS ON OFFENSIVE

Entire Greek Navy is Now Manned by British and French Sailors; Railroad Taken Over.

### MORE FIGHTING IS REPORTED IN BALKANS

Preparatory to Launching Vigorous Attack on Carso Plateau Italians Begin Bombardment All Along the Line.

(International News Service.)

London, Oct. 12.—The domination of Greece by the allies is now complete.

Greece had protested against the seizure of her navy on Wednesday afternoon, but it is believed that no formal reply will be returned.

King Constantine's government is receiving scant recognition from the allied powers.

Vice Admiral D'Artige Da Fourmet, commander of the Anglo-French fleet in the Mediterranean, has assumed command of the Greek warships and has replaced all the crews with French and British seamen.

The work of reducing the forts on the Greek coast is now under way by British and French soldiers. The allies also have taken over the railway line between Tirane and Larissa, and placed it under military control.

England and France, it is believed, will formally recognize the revolutionary government, headed by M. Venizelos and give it material support.

Some of the Greek warships seized by the allies have been taken to Salonika and are being turned over to the revolutionary government.

(International News Service.)

Rome, Oct. 12.—An Athens dispatch to the Tribuna states that Greece has surrendered her entire fleet to the allies.

## HUGHES BIDS FOR MOONSHINE VOTE

G. O. P. CANDIDATE SPEAKS TODAY IN "FEUD BELT" OF KENTUCKY.

(International News Service.)

Pikesville, Ky., Oct. 12.—Chas. E.

Hughes, the republican presidential nominee, invaded the "feud and moonshine belt" of Kentucky today.

It was the task of the candidate to throw so much enthusiasm into 10,000 normally non-voting mountaineers that they would go to the polls on election day. This district is very strongly republican, but political leaders complain that they can rarely get the mountaineers to go to the trouble of voting.

### Auto Tag Shipment From Capital Delayed

The shipment of auto tags from Montgomery to the probate office for use in Morgan county is delayed for some reason and owners of cars in this county will be delayed in securing their tags. However, the probate office has a small supply of tags which will soon be exhausted. The first shipment on Oct. 1 contained only 100 private licenses and about the same number of commercial licenses. Thus far 73 private licenses have been issued and 22 commercial. About 500 license tags are needed.

## BOSTON RED SOX AGAIN ARE THE WORLD'S CHAMPIONS

INNING	1	2	3	4	5	6	7	8	9	R	H	E
BOSTON	0	1	2	0	1	0	0	0	x	4	7	2
BROOKLYN	0	1	0	0	0	0	0	0	0	1	3	3

(International News Service.)

Boston, Mass., Oct. 12.—The Boston Red Sox are again the champions of the baseball world. They made their title to the highest honor that the grand old pastime affords by winning today's game from the Brooklyn Superbas. One year ago the team that today ended a spectacular series by taking four of the five games played earned the international rag by annexing four straight. They now hold a new world's record of eight championship games won out of ten played.

Like the other contests that have marked the playing since the pennant winners of the two major leagues met in a duel to the death, today's game went to Boston on the merit of superior playing. It was the second time since Boston opened against Philadelphia last year in the world's series that the Sox had a single run to spare when the final tally was made. As on yesterday, they ran up an easy victory.

Brooklyn, coming first to bat in the second inning, led off with a run. Cutshaw, first man up, walked. He advanced on Mowrey's sacrifice, took another lap on Olson's out, and scored on Cady's error. Boston tied the score in the same inning. Lewis, who singled and stretched it for three bases when the ball bounded over Wheat's head, scored on Gardner's out. Boston put two more runners across in the third, and another in the fifth.

(International News Service.)

Braves Field, Boston, Oct. 12.—The multitude that sat in this afternoon for the fifth and final tussle between the Red Sox and Dodgers looked like a record smasher in size. The grand stand and bleachers were packed to capacity and hundreds stood in the center field bill pen. It looked like 44,000 at least against the old record of 42,000. Realizing

that victory means another world's championship and the big share of the money for them, the Sox were practicing with a dash and vim. The Dodgers on the other hand seemed down cast. They went at their work in a half hearted sort of way and acted like men who feel that they are facing certain defeat.

If the Sox win the series each man

## IS BASEBALL WANING IN POPULAR INTEREST?

Is the grand old pastime losing its hold upon the American public? We have reference, of course, to that most popular of sports—baseball. To answer the question is somewhat difficult in the absence of actual statistics, but if called upon to hazard a guess the reply would be in the affirmative. Not that baseball has gone into such a decline that a world's series cannot be played at a profit, nor that it has taken a slump to the point where the small boy will relinquish his knot-hole privileges. But, seriously speaking, is there the same enthusiasm, the same whetted interest in the sport as in the gold old days when every hamlet had its big league material and when every school boy was an embryo Cobb or Wagner?

It is not likely that within the next decade the name of Wagner will be associated entirely with music. It is hardly probable that "Alexander the Great" will shine only as a historical character. "Big Six" may not come to mean only an automobile. But baseball, as she is played, is now hardly a runner-up for the military game, and baseball news is almost secondary to the activities of the German U-boat. It is possible that there will come a time when an ordinary field marshal will be more highly honored, his praise more loudly sung, than that of the pinch hitter who cleans the bags in a contest for championship honors. Even mere statesmen may get back into the popular "hall of fame."

Since Brooklyn and Boston have been battling for the big end of the money and the title, it seems to us that there has been a surcease of the old-fashioned frenzied excitement that should characterize a clash of the titans. Only a few of our friends call

us on the 'phone now-a-days and inquire the score. What women call "intuition" and newspaper men term a "nose for news," is the faculty for sensing things that ain't exactly tangible. This faculty for reading the universal pulse informs us that there is not quite as much doing in the baseball world as formerly.

What is the cause? Perhaps it is the fact that the war has entered into competition. Perhaps it is the growing popularity of golf. At any rate, most anybody with a bank roll can buy a major league franchise, as they all seem to be for sale. At any rate, there were vacant seats in the grandstand at Brooklyn yesterday—and the weather was not entirely to blame.

## JOHN BULL FALLS OUT WITH THE I. N. S.

After months of fruitless attempts at coercion in which its efforts to compel the International News Service to send out inspired news reports from London failed, the British government has denied the International News Service the privileges of both the mails and the cables. The move will not impair the efficiency of the service furnished to its large clientele by the I. N. S., as this news-gathering organization has access to other news centers that are far more reliable and just as complete in their reports. In fact, the I. N. S. has been fortunate in its cable connections with Paris, and has been able throughout the war to distance competition in transmitting the important news from the battle front. The prestige of the I. N. S. has been largely increased since the outbreak of hostilities as its methods of news distribution have had unusual opportunity for comparison with those of its most formidable rival—the Associated Press.

Primarily the A. P. is conservative. It is ultra-conservative, but this fact is only just becoming known to newspaper readers. So careful and cautious has been the Associated Press in getting permission for the publication of news events, that its papers have suffered innumerable "beats," which its more progressive competitor handled and took the consequences. One of these consequences has been the official displeasure of the British censors. Even censors, however, are not so skilled in their deletions, so artful in their manipulations that they can suppress live news, for news, like murder, "will out."

The general public has noted the consummate truthfulness of the official statements of the German government. Whether conveying tidings of victory or disaster, every official utterance from Berlin has been veracious; every statement coming from the German capital has been substantiated by later events and admissions. The British government, on the other hand, being especially keen to impress America with its unshaken confidence in the final termination of the war, has suppressed many items of wide public interest. One notable instance was the sinking of the Audacious. But for the alertness of the I. N. S. it is doubtful if this great naval tragedy would ever have become known on this side of the Atlantic.

Readers of the Daily, who holds an I. N. S. franchise, cannot but have noted that the war dispatches carried by the service have been fair and

impartial. Often they have been first. The only service that is worth while is that which plays no favorites; which is subject to no control. In attempting to injure the I. N. S. the British government will do nothing more than convince many newspaper readers that it has something to conceal; that it does not court the acid test of full and free publicity.

## AMUSEMENTS

## "FAIR AND WARNER."

Selywn & Company will present their latest and greatest farce success, "Fair and Warner" at the Masonic theatre on Thursday, Oct. 19, in answer to a tremendous demand from all parts of the country that Broadway's favorite play should be put on four.

"Fair and Warner" is the merriest of tales, divulged in three acts of mounting drama and high-pitched comedy. It begins with a revelation to two highly respectable and domestic persons—a husband above reproach and below interest, and a wife, a perfect paragon of innocent domesticity, that their respective spouses have been having a time more gay than creditable. The very good pair vow a revenge, and, having no experience

to guide or to warn them, decide on counter-naughtiness as a suitable course.

They discover that getting into trouble is far easier than getting out of it, and that lacking a practiced hand, the consequences of trouble are more apt to behave like a boomerang than a projectile. It is, in brief, precisely the kind of thing Avery Hopwood knows best how to handle, and to interlard with his inimitable shafts of wit, and barbs of social commentary.

## "THE NE'ER-DO-WELL" AT THE MASONIC MONDAY AFTERNOON AND NIGHT, A MASTERPIECE.

The Selig ten-act screen version of Rex Beach's "The Ne'er-Do-Well" is considered to be the greatest moving picture production since "The Birth of a Nation."

"The Ne'er-Do-Well," with all its depth of love and soft sweet producing beauty, and fiendish jealousy, and black intrigue—with the naked passions of men and women bared before you as only Rex Beach can bare them. With its hero football player from New York ensnared alike by the dazzling Southern beauty Chiquita and the seductive Edith Cortland, wife of the other man.

The production will be shown at the Masonic theatre Monday afternoon and night.

## HUSBAND RESCUED DESPAIRING WIFE

After Four Years of Discouraging Conditions, Mrs. Bullock Gave Up in Despair. Husband Came to Rescue.

Catron, Ky.—In an interesting letter from this place, Mrs. Bettie Bullock writes as follows: "I suffered for four years, with womanly troubles, and during this time, I could only sit up for a little while, and could not walk anywhere at all. At times, I would have severe pains in my left side.

The doctor was called in, and his treatment relieved me for a while, but I was soon confined to my bed again. After that, nothing seemed to do me any good.

I had gotten so weak I could not stand, and I gave up in despair.

At last, my husband got me a bottle of Cardui, the woman's tonic, and I commenced taking it. From the very first dose, I could tell it was helping me. I can now walk two miles without its tiring me, and am doing all my work."

If you are all run down from womanly troubles, don't give up in despair. Try Cardui, the woman's tonic. It has helped more than a million women, in its 50 years of continuous success, and should surely help you, too. Your druggist has sold Cardui for years. He knows what it will do. Ask him. He will recommend it. Begin taking Cardui today.

## "ANURICI" THE NEWEST DISCOVERY IN CHEMISTRY

This is a recent discovery of Doctor Pierce, who is head of the Invalids' Hotel and Surgical Institute at Buffalo, N. Y. Experiments at Doctor Pierce's Hospital for several years proved that there is no other eliminator of uric acid that can be compared to it. For those easily recognized symptoms of inflammation—as backache, scalding urine and frequent urination, as well as sediment in the urine, or if uric acid in the blood has caused rheumatism, it is simply wonderful how surely "Anurici" acts. The best of results are always obtained in cases of acute rheumatism in the joints, in gravel and gout, which invariably the pains and stiffness, which so frequently and persistently accompany the disease rapidly disappear.

Go to your nearest drug store and simply ask for a 50-cent package of "Anurici," manufactured by Dr. Pierce, or even write Doctor Pierce for a free sample. If you suspect kidney or bladder trouble, send him a sample of your water and describe symptoms. Doctor Pierce's chemist will examine it, then Dr. Pierce will report to you, without fee or charge.

NOTE—French scientists affirm that "Anurici" is thirty-seven times more active than lithia in eliminating uric acid, and is a harmless but reliable chemical compound that may be safely given to children, but should be used only by grown-ups who actually wish to restore their kidneys to perfect health, by conscientiously using one box—or more in extreme cases—as "Anurici" (thanks to Doctor Pierce's achievement) is by far the most perfect kidney and bladder corrector obtainable.

## Negroes, Leaving for North, Not Welcome, Says U. S. Bureau

(International News Service.)  
Washington, Oct. 12.—Southern negroes are going north against the desires of southern white employers and in the face of the cool welcome from the north, according to preliminary results of the new and comprehensive study of the race labor problem in the United States upon which the department of labor today announced it had embarked.

Unwonted activity in the manufacturing establishments of the northern states and discontent with sociological conditions in the south are the factors tending to induce the negroes to migrate.

## "Look Pa, How 'Gets-It' Works!"

Lifts Your Corn Right Off. Never Fails.

"Ever in your life see a corn come out like that? Look at the true skin underneath—smooth as the palm of your hand!"

Will Now Look at That! Off Comes That Pesky Corn as Slick as a Whistle.

The earth is blessed with the one, simple, painless, never-failing remedy that makes millions of corn-plagued people happy, and that's "GETS-IT". Apply it in 3 seconds. It dries. Some people jab and dig at their corns with knives and razors—wrap their toes in packages with bandages or sticky tape, make them red and raw with aives. Nothing like this with "GETS-IT". Your corn loosens—you lift it off. There's nothing to press on the corn, or hurt. Angels couldn't ask for more. Try it tonight on any corn, callus or wart. "GETS-IT" is sold and recommended by druggists everywhere. See a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill.

Sold in New Decatur and recommended as the world's best corn remedy by Preuit-Dillehay Drug Co.

Were you ever the 13th? Sometimes it pays. See the Quality Laundry and Dry Cleaners' ad in today's paper.

### NEW ITALIAN OFFENSIVE ON CARSO PLATEAU OPENS.

(International News Service.)  
Paris, Oct. 12.—Hundreds of guns of every calibre poured their shell into every yard of the Austro-Hungarian lines in a preparatory bombardment of the new Italian offensive on the Carso plateau.

The correspondent of the Petit Parisien at Udine telegraphs the following description of the opening of the new drive:

"The bombardment prior to the Carso attack began on the morning of October 8. Hundreds of guns of every calibre poured shells into every yard of the Austro-Hungarian defenses."

### AVALONA, ITALIAN BASE, DAMAGED BY AUSTRIANS.

(International News Service.)  
Vienna, Oct. 12.—The Italian base of Avalona in Albania was bombarded by Austro-Hungarian aviators on Tuesday night and much damage was done, it was officially announced today.

### ITALIAN DRIVE IN 9 MILES OF TRIESTE.

(International News Service.)  
Rome, Oct. 12.—The new Italian drive with Trieste as its ultimate object continues. Italian troops south-east of Gorizia and east of Monfalcone are pounding away at the Austro-Hungarian lines with hundreds of guns, while in the lull of the cannonade the infantry sweeps forward against the shattered trenches. Reports from the front today state that the bombardment of the Austrian lines began last Thursday morning at 4 o'clock.

It was carried out without interruption until Tuesday, when the first grand assault was launched against Hill 208. On the first day of the attack 2,000 prisoners were taken. On Wednesday 3,000 more prisoners were captured.

The scene of this fighting is nine miles from Trieste, which is now within easy artillery range of the Italians.

### HEAVY ARTILLERY DUELS REPORTED ON SOMME.

(International News Service.)  
Paris, Oct. 12.—Artillery duels on the Somme front in the Woevre district east of the Meuse were reported by the French war office today. French and German guns were engaged against each other south of the Somme all night. The night was comparatively calm on the balance of the front.

### Chiefs Busy Gathering In Municipal Taxes

Chief of Police Cobb in Albany, and Chief of Police Carrigan in Decatur, have been very busy for the past several days collecting street and privilege taxes. Street taxes in Albany were due Oct. 1 and a penalty is now being collected. Chief Carrigan has been visiting small stores on the outskirts of the city and has found many who have overlooked paying their merchant's tax.
